**OUR PROGRAMS** do more than simply curb threats, we offer safe program sites that provide children and youth with an opportunity to access quality assured programs, scholarships, bursaries, leadership and employment opportunities.

Our after-school programs follow the "Child and Youth Health and Wellness After-School Strategy" and guidelines set out by the Ontario Government's Ministry of Tourism, Culture and Sport that breaks down activities into:

- 30% physical activity
- 20% healthy eating and nutrition education
- 20% wellness and personal health
- 30% what makes us a Boys & Girls Club

Acting like a grassroots organization, we take direction from the bottom and allow the needs of the children, youth, families and communities we serve to guide the programs and services offered at each program site.

We are the **largest employer of youth in the downtown east** and have a **part-time staff count that consists of more than 60 young people annually**. For many young people, we provide them with their first real job.

What makes us unique is our continuum of service supporting young people at all ages and stages to reach their individual potential.

## Great futures start here.

**A LOT OF THE SAME KIDS COME IN EACH DAY BUT IT'S NOT THE SAME KIDS WHO COME OUT.**

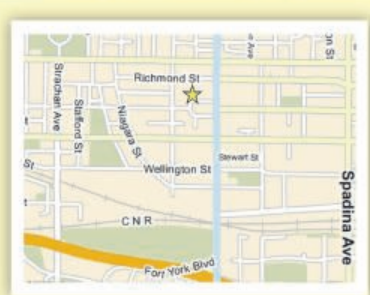

The kids that have come out of the Toronto Kiwanis Boys & Girls Clubs have had fun. They have had a nutritious meal, and they have learned important life skills. Make sure no child's potential is thrown away: **help us create opportunities for kids.**

Following the success of "Telling a Different Story" and in keeping with our strategic plan; 2015 saw the continued development of the Club's outcome measurement and quality assurance process. Thanks to the work of the Programs and Services Committee we are very excited to be on the road toward High Five Accreditation. I was particularly pleased to host the Minister of Tourism, Culture & Sport, Michael Coteau, in May 2015 where he announced the Pan Am and Para Pan Am Games Tickets for Kids Program which resulted in hundreds of our members attending in numerous sporting and cultural events during the games.

Having grown up in Regent Park, I had the good fortune of attending the Club as a young person and I know the value of the work. Aside from all of the statistical data and qualitative measurements it's the stories of impact that continue to demonstrate the Club's value; Because of a generous donation from one of the many corporations and individuals who support the Club a young man who was living in a shelter and attending our educational/mentoring programs received a life altering \$18,000 post-secondary scholarship; an immigrant parent with a special needs child was thanking a staff at the front desk for everything the Club has done for their child when the staff showed them pictures of their son tree top trekking with his peers. He just stood there and cried.

There are a thousand of these stories and each has a lasting impact shaping a young person's potential. I'd like to thank the volunteers, the members of the Board, the staff, and the donors, funders and partners for their amazing contributions. It really does take a village to raise a child.

Help build kids up with S.T.E.P.

Striving Together Empowering Potential

With your donation the Club will recognize your corporation, family name, loved one or "in memory" in our main stairwell where thousands of children, youth and community/ corporate partners will see your contribution.
